

# H.S. Anderson®

Moridaira produced the original H.S. Anderson Mad Cats between 1973 and 1979. A few were OEM-made for Hohner USA with a Hohner logo, and one of these became Prince's main guitar, as heard on countless records like Purple Rain, Controversy, 1999, ...

To celebrate their 45th anniversary, a very limited production run of the H.S. Anderson 45th anniversary Mad Cat was launched.

Completely identical Walnut/Ash/Maple body construction to the vintage Mad Cats.  
Gotoh tuning machines.  
Bill Lawrence USA T1 and T2 pickups.
